Nude is a documentary project that digs deep into gender issues, reflecting on the role of women in a field as broad and ambiguous as prostitution, using a raw, intimate and delicate point of view taken from testimonies that break their silence to honestly show themselves.

This is a group that demands their rights as sex workers while living in a dual society, one that accesses their services but turns its back on them.

From Barcelona, one of the meccas of illegal prostitution in Europe, we will travel to the city of Amsterdam to observe the workings of a regulated sector with the objective of answering the questions posed by this global phenomenon.
